Y Will Not Limit 1946-47 Enrollment

No rigid policy of enrollment restriction will be adopted at BYU for the fall semester, and the many universities throughout the nation are doing the same to limit their enrollment in the present post-war conditions, President Howard reported.

The university is planning to stretch existing facilities to the utmost, and the YWCA and the Mormon culture will have the opportunity of university entrance, the president said. In order to facilitate the present post-war conditions, President Howard reported.

Faculty committees have completed examinations of the problem of enrollment selection, with the conclusion that the university will be able to accommodate any student with a good character and standard educational background. To retain enrollment at the university students will be required to pay \$100 per year and \$10 per quarter of \$40 per year or better and maintain Christian standards of conduct.

During the 1945-46 school year the university had the highest enrollment of its history, with 3,500 students receiving college instruction.

During the year the undergraduate colleges and of the graduate school at BYU are finding more effective ways to meet the educational needs of students in the matters of registration, admission, and graduation, the President reported. The faculty has been materially increased to meet the needs of the university, and the means of next year's enrollment. With the enrollment of 3,500 for 1946, next autumn quarter, academic and extra curricular activities of the campus will be greatly increased and, in order to meet these needs, the president indicated that the faculty committee of the university, organized a year ago, will be expanded to super-vise matters outside the university with the added advantage of a year's experience in the record enrollment of 1945-46.

Six Alumni Honored In Tues. Rites

Elder Merrill Warns Seniors To Be Humble

"My feeling is that however well-trained we may be, however well we may become, yet humility will be all that we have, even in the end. But the student of life will face with so many difficulties and handicaps that he will not be strong enough to succeed in overcoming these which we have which will live worthily."

In a sermon David O. McKay of the Council of the Twelve counseled the members of the 1946 graduating class.

Elder Merrill spoke about a part of the fundamental facts and principles of the gospel which he called

"How was our religious faith given to us, the teacher may ask."

He spoke of the inspired teachings of the Holy Bible and the New Testament, of the revelations and revelations to Joseph Smith and other associates with him.

The religious documents to Joseph Smith are all in harmony with the principles of the gospel. Many of them were given in a plain, simple, direct language.

He continued, "There is no one who has not been taught by God.

Many other Christians we also believe made up of three distinct persons, Father, Son, and Holy Ghost, who are three persons in one, highly glorified men—but the persons of the Holy Trinity are all in harmony with the principles of the Holy Trinity. A new revelation of God to man is given there, showing that many might have a definite conception of the nature of the Trinity and of His relations to man."

"Unselfish service to our fellowmen is a cardinal principle of the gospel," he said. "We have been admonished that the graduating class, in order to be successful, must remember that a fundamental doctrine of Christianity requires that we serve our fellowmen, and that the condition for salvation is the love of all men."

"So let us one comfort in the belief that the love of all men is the only condition to be satisfied in the love of God."

He then declared that God and Jesus Christ indicates how to reach the celestial kingdom.

"The first commandment summarized by Jesus into two words is, 'Love the Lord with all thy heart, with all thy soul, and with all thy might; and the second is like unto it, that thou love thy neighbor as thyself.'

He went on to say that the three difficulties to have the love of God is to love the Lord with all thy heart, with all thy soul, and with all thy might; and the second is to love thy neighbor as thyself.

He then declared, "The religious faith you have are accepted in divine grace by the Lord, and the love of God is the love of the Lord, and the love of thy neighbor, both in this life and the life to come."

He then said that the love of God is necessary for any normal human being to have any comfort about the love of truth, and that the love of God is the love of thyself, and the love of thy children in mortality."

He then said, "I would like to get these to have a comfort to pray, to get inspiration and revelations from the Lord, and that the Lord has given us the love of God, and that we should be encouraged, for the price is worth all that it may cost."

He then said, "I would like to get these to have a comfort to pray, to get inspiration and revelations from the Lord, and that the Lord has given us the love of God, and that we should be encouraged, for the price is worth all that it may cost."

He then said, "I would like to get these to have a comfort to pray, to get inspiration and revelations from the Lord, and that the Lord has given us the love of God, and that we should be encouraged, for the price is worth all that it may cost."

He then said, "I would like to get these to have a comfort to pray, to get inspiration and revelations from the Lord, and that the Lord has given us the love of God, and that we should be encouraged, for the price is worth all that it may cost."

He then said, "I would like to get these to have a comfort to pray, to get inspiration and revelations from the Lord, and that the Lord has given us the love of God, and that we should be encouraged, for the price is worth all that it may cost."
